PAGE 4 • PASSIONS & PURSUITS

Interests & Creative Hobbies

Beyond academic lectures and business computing assignments at UMSKAL, these three pursuits keep my mind sharp, my creativity flowing, and my analytical reflexes primed.

All Hobbies | Gaming | Coding | Video & Graphic Editing

TACTICAL PLAY

Gaming

Engaging in tactical multiplayer, open world adventures, and competitive titles. Gaming trains rapid decision making, strategic resource management, spatial awareness, and team communication.

PLATFORM
PC & Console

CORE BENEFIT

Gaming Lore 🎮

Gaming Insight

DEVELOPMENT

Coding & Web Development

Writing clean, functional code and architecting responsive web interfaces. As a Business Computing student, coding is the vehicle that transforms commercial ideas into living digital solutions.

CORE FOCUS
HTML5 • CSS • JS

Why I Code

MEDIA PRODUCTION

Video & Graphic Editing

Crafting engaging video edits, dynamic montage pacing, motion graphics, and sleek visual banners. Editing teaches me how visual rhythm and aesthetic balance captivate audience attention in e-commerce.

Editing Tip

How My Hobbies Power Business Computing

Each personal pursuit feeds directly into my academic and professional toolkit in Business Computing: gaming sharpens tactical strategy, coding executes technical logic, and editing elevates digital marketing.
