Hello, I'm Freadenly Zulkilfi

Known affectionately as **Fread**. I am currently pursuing my **Bachelor of Information Technology with Honours (Business Computing)** at **Universiti Malaysia Sabah Kampus Antarabangsa Labuan (UMSKAL)** under the Faculty of Computing & Informatics (FKI).

Born and raised in **Beaufort, Sabah**, my passion lies at the intersection of computational problem solving and business innovation. In the modern digital economy, success requires more than just writing code, it demands the ability to understand market dynamics, design intuitive digital storefronts, and produce compelling creative media that captures consumer attention.
